My quote is: " There is nothing you can not do, just need to work-hard, try with your best and you will be able to do it.". Despite the fact that there is a lack of coding skill as well as knowledge but i am always looking for more things to learn more and improve myself.

## EDUCATION

### English

KDU Penang University College

11/2019 - 12/2019

7,25/10
